PRAYER FOR PROTECTION FROM NINJA KIDNAPPERS

I fervently seek help, guidance, and state-of-the-art alarm systems to secure my person, residence, office, immediate family, friends, pets, and houseplants from **ninja assailants**. Help me notice **disguised followers**, recognize subtle **deathtraps**, and beware **caltrop-strewn paths**. Teach me **ninja avoidance** techniques—or, if it proves impossible to escape a ninja, teach me effective **grovelling**. Grant me the strength to resist **smoke bombs**, **sleeping powders**, and **Thrice-Distilled Paralyzing Platypus Venom**. And if I prove worthy, give me friends, co-workers, and next of kin who are willing to **pay ransom** when my ninja kidnappers get me anyway.

DIRECTIONS FOR USE

Repeat prayer in each room of your home and office while inspecting for surveillance devices, tripwires, and trained spiders. When finished, light candle, place in center of room, and hide in another room's darkened closet. But don't be surprised if a ninja is waiting there for you.
