

Ninja health & safety

SHURIKEN, swords, and other piercing weapons should **NOT** be wielded near sensitive computer equipment, computer screens, water coolers, or custodial staff.

Keep **NOISE** to a minimum. Whenever possible, **AVOID** use of the following in open-plan offices:

- A.** Computer and/or telephone speakers
- B.** Loud or distracting cellphone ringtones
- C.** Slow and/or painful killing methods

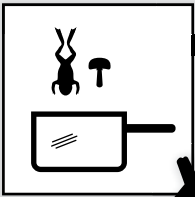

In case of emergency, keep **CORRIDORS** and busy aisles clear. **DO NOT** block designated fire exits with electronic equipment, paper or office supplies, furniture, weapon stockpiles, or dead bodies.

**STAY
SMART**

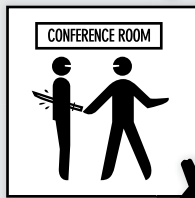

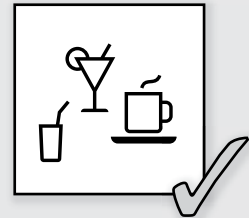

**STAY
SAFE**

**STAY
DEADLY**

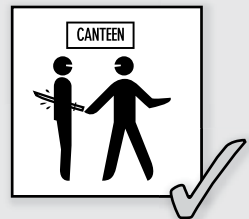

NUNCHAKU (nunchucks) should **NOT** be used in bathrooms, cubicles, or supply closets.

Use **BREAKROOMS** *only* to prepare meals and refreshments, *not* homebrew poisons. **NEVER** use the coffee machine to boil toads or mushrooms without written permission.

Unless absolutely unavoidable, resolve **INTERDEPARTMENTAL VENDETTAS** *only* outside the building. **Time slots** can be booked through the Ninja Resources office.

Management is always right: safe and tidy wins the fight!
Remember GNAT in all you do. Your ninja skills will see you through!

Good Ninja Always Tidy
